From Chief Editor's Desk

Happy New Year and Welcome to the 33rd GCSMCH&RC Newsletter.

2020 was a year full of surprises and struggles. We encountered the new normal and lived through a pandemic of not only a deadly virus but a condition of uncertainty. It was a year that taught us to survive with the bare minimum and showed us the flip side of life. But over a period of time, we moved from being anxious about what lay

ahead to accepting the fact and making the necessary adjustments in our lives we never thought we would have to make. Nevertheless, 2020 was indeed a classic example of life—it is not about how many difficulties you face before you reach your target; it is about how you have made your way through them.

Although as we passed through our journey of complete lockdown and curfew it gave us more time to contemplate and analyze ourselves to polish our skills along with learning new ones for bettering ourselves. In a similar line, we have also introduced new activities like “All Ideas Matter @ GCS” where we are inviting suggestions from our staff to make their tenure with GCS worthwhile. This year was not only about difficulties it was also a year where we found alternatives and ways to keep ourselves engaged through times of distress like celebrating Navratri through “Virtual Garba Competition”. Our students have excelled in academics and at various medical conferences with the support of our faculties.

As we enter 2021 we bring along a lot of hope for a more productive year, for better health, and more actual gatherings rather than virtual ones. As healthcare workers, we stood strong and undefeated in this battle as Corona Warriors living in this period as part of a greater whole of history.

In the end, it will take a long time before our lives become as they were before but as we bid adieu to 2020 we might not miss everything about it, but we will certainly remember most of what it taught us. Let us be grateful for all the lessons this year has imparted.

You can read about various other achievements, activities & updates from around the organization in this 33rd issue of the GCSMCH Newsletter. As always, please send us your suggestions on how to improve our Newsletter at communications@gcsmc.org.

Once again, wishing you a very happy & healthy 2021.

Ms. Neha Lal
Sr. General Manager - Operations & HR

6000+ COVID PATIENTS TREATED BY GCS HOSPITAL

GCS Hospital has treated 6000 suspected and positive COVID-19 Patients successfully, which is a fabulous achievement for a private trust Hospital. GCS Hospital has treated COVID Patients of all ages - from newborns to 100 Years old. GCS Hospital has also been providing treatments to all Non-COVID Patients with utmost care and safety precautions since lockdown.

6000

RT-PCR TESTING NOW AVAILABLE AT GCS HOSPITAL

The COVID-19 RT-PCR testing is now available at GCS Hospital. Backed by the state-of-art technology and medical acumen, **Molecular Laboratory** at GCSMCH&RC is accredited by NABL and approved by ICMR for COVID-19 Testing from 16th December'2020.

INAUGURATION CEREMONY OF MOLECULAR LABORATORY

BACKLINE MEDICAL HERO OF THE YEAR AWARD

Ms. **Neha Lal** (Sr. GM – Operations & HR) from GCS Medical College, Hospital & Research Centre has been honored with the **Backline Medical Hero of the Year Award** under COVID-19 Response Awards during Vyapaar Jagat Convention & Awards (YJCA) 2020.

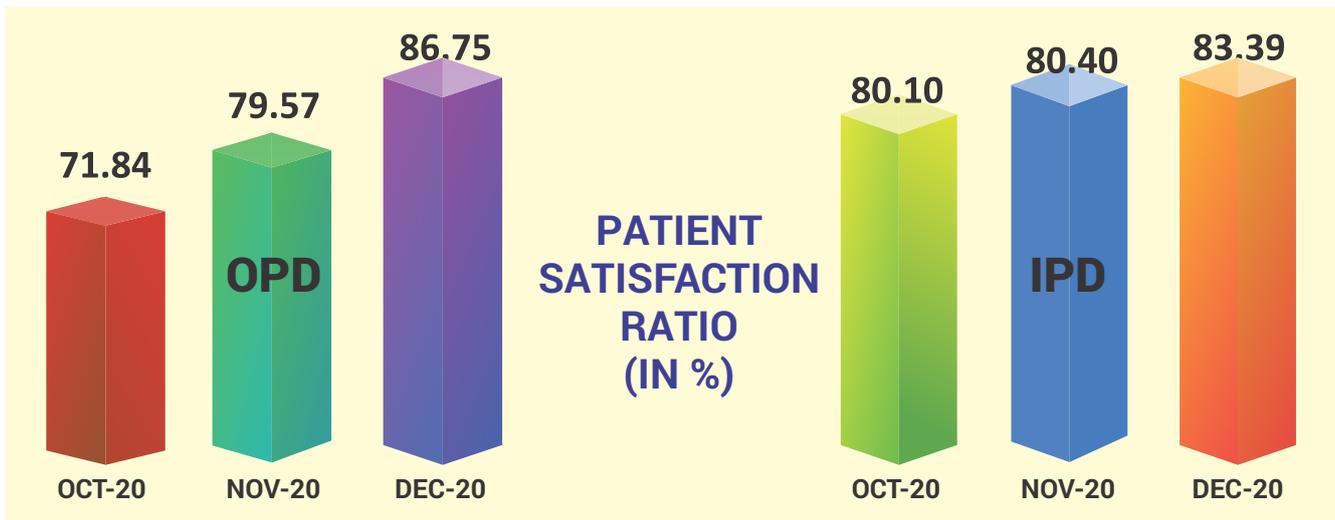

The COVID-19 Response Awards recognize the Indian heroes who have stood at the forefront of the coronavirus pandemic in India and globally and honor their invaluable services and support. These awards were announced on 12th December 2020, during the virtual event with the presence of over 2000+ delegates.

JOY OF GIVING CHARITY DRIVE

Festivals are meant to bring joy and happiness in our lives. But the real joy is when we are able to bring smiles and delight in the lives of others. This Christmas season, we had planned to contribute a little to the ones in need from whatever we have by conducting the **Joy of Giving charity drive**. GCSians contributed in this noble work by donating items like clothes, footwear, bags, toys, stationery etc. **More than 1000 items were collected**, which were distributed among the poor and needy people residing near Asarwa Railway Station and at Bagodara Manav Seva Ashram.

ONE YEAR OF SOLAR POWER PLAN INSTALLATION

It has been a successful completion of 1st year of Solar power plant installation (8th November'2019). It has generated 1,75,800 units of power generation through solar energy (Green Energy) worth Rs.10,72,300 till date. The plant is completely maintained by our Electrical Engineering Team.

FIRE & SAFETY TRAINING FOR EMPLOYEES & OUTSOURCE STAFF

Various training sessions have been organized for Employees & outsourced staff on Fire & Safety, Electrical Safety. A demonstration on how to deal with fire was imparted to the staff by giving practical training on fire fighting. The training was given in Gujarati language too.

ELECTRICAL SAFETY INSPECTION BY GOVERNMENT OF GUJARAT

As, Fire incidents & accidents have been increasing day by day, the Government of Gujarat appointed a high power committee of senior officers to visit all Hospitals, where the committee visited GCSMCH&RC on December 5th, 2020. While Visit of our Hospital, the committee has taken good note of our better Installations & safe engineering practices, however committee were satisfied while witnessing the awareness for fire prevention & fire fighting in all staff of GCSMCH & RC.

DIWALI CELEBRATION

This Diwali we celebrated the festival of lights by conducting a **Rangoli** Competition across the organization and we received an overwhelming response from the staff. Over **34 Rangolis** on different themes were made by staff to showcase their talent and participate to win the competition.

1ST PRIZE: MICROBIOLOGY:

A wonderful depiction of the current situation, It shows the Goddess of Strength killing the Demon of COVID-19. It also informs the onlookers about the precautions to be taken to prevent getting infected.

2ND PRIZE: PHYSIOTHERAPY

A healthcare working holding the earth to protect it from COVID-19 and hoping for a Non-COVID Diwali.

3RD PRIZE: CREDIT BILLING

A brilliant portrayal on the theme of "Save Girl Child". It instructs the onlookers to let the girls study to grow in their lives and very correctly states that "Girl child is Nation's Pride".

Click below to view all the colorful Rangolis created by GCSians
www.bit.ly/RangolisbyGCSians

NAVRATRI CELEBRATION:

This Navratri we celebrated the festival of dance by playing Garba across the hospital and conducting a Virtual Garba Competition by the name of **Garba Champion** in which the staff showed great enthusiasm & facilitated to make it a success by sharing their videos performing outstanding Garba in striking and colorful attires.

WINNER: DR. SNEHA BABARIA & MS. RACHNA JANI

Dr. Kinjal Sanghavi *(Associate Professor - Anesthesia)*

Wonderful sketch art drawing made by Dr. Kinjal with almost realistic features and expressions which are skill perfected over the period of time.

Dr. Prarthana Kharod Patel

Associate Professor - Pediatrics

Mandala design and style of painting for the first time putting her creative self and combination of beautiful colors on the canvas.

A healthier version of cake for Christmas prepared with wheat & ragi flour, organic jaggery and milk to make the sweet indulgence a little better.

MS. NEHA LAL FEATURED IN TOP STRATEGISTS IN HEALTHCARE LIST BY MEDGATE TODAY

Ms. Neha Lal has been featured in **The Top Strategists of Healthcare to follow in 2021** list published by Medgate Magazine and Advanced Media Group.

MY TRAVEL TALK

SHITAL DESAI

Head - Finance

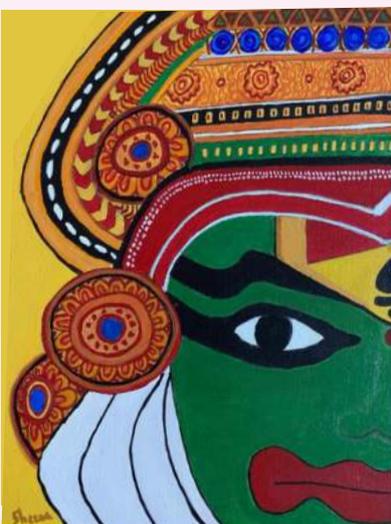

I am an avid traveller and have travelled around India and world; enjoy trekking and adventure; fit in my travel plan. Let me tell you one such story.

In **South Africa** I got to bungee jump. Even with my acrophobia, I overcame my fear, thinking if not now, then when? I jumped from world's highest bungee jumping point, Bloukrans Bridge, most liberating experience of my life.

I've since seafloor walked; parasailed, bridge climbed, sand skied, river rafted... overcoming my fear; started in my 40's. Lesson learnt; Life is not perfect nor easy but having an open mind of letting go has made it easier to keep **moving forward... dreaming... resilience... keep travelling.**

Dr. Sheena Sivanandan

Assistant Professor - Pediatrics

Superb paintings of various traditional Indian portraits & classic designs by Dr. Sheena.

THIS IS A STORY ABOUT PEOPLE NAMED: EVERYBODY, SOMEBODY, ANYBODY AND NOBODY

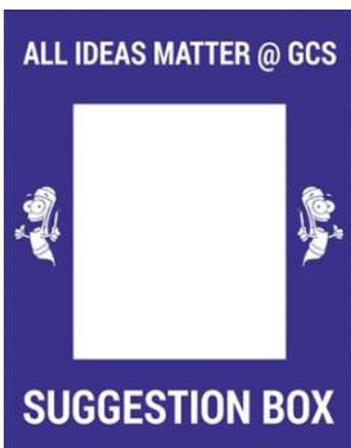

There was an important job to be done and Everybody, Somebody, Anybody and Nobody was sure that Somebody would do it. Anybody could have done it but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realised that Everybody wouldn't do it. It ended up that Everybody blamed

Written by Somebody

The morale of the story is accepting your role and taking responsibility of the work allotted. Being accountable is a skill which helps you to climb the ladder of success. But an organization runs with a lot of employees working together for achieving the goal and hence everyone from the lowest level to the highest needs to hustle for the organization as a whole to succeed. Even if a single person is not performing his duties the whole chain of work would suffer.

Hence we need to stop playing passing the parcel of duties, avoid the blame game and work collectively. Personal and professional progress is certain if one starts believing in focusing on final completion of task and not creating hindrances due to personal grudges, limiting our mindsets and our potentials, accusing others and causing unnecessary delays for the work which eventually needs to be concluded. It's a matter of contributing for the larger picture.

- Neha Lal (Sr. GM - Operations & HR)

YOUR FEEDBACK MATTERS:

To encourage employee's inputs at various levels GCS-HR has re-launched the employee suggestion scheme with the name of "All Ideas Matter@GCS". We welcome your Positive, Progressive, Feasible and Valid suggestions to be implemented in the organization to provide better patient experience along with suggestion and feedbacks to elevate the employee experience. The suggestion boxes are near Employee Punching, Doctor Punching & College Punching Machine.

Please Note:

- All the ideas should be submitted in the Idea Card where full name and Employee Code must be mentioned.
- Any details related to grievances should not be dropped in this box, we have a different platform for the same which is the Grievance Redressal Program.

Your Suggestions

Due to COVID-19 instead of giving Movie Tickets for Birthdays, Mug with Name and Logo of GCSMCH can be gifted

Software for Statistical analysis can be made accessible to other department and residents to analyze their studies & thesis. Training on how to use the same can be provided by Community Medicine department.

Our Actions

We had earlier discussed the idea of gifting mugs but the idea of giving movie tickets was highly appreciated by all in general hence considering the majority we would continue with movie vouchers.

Well noted! We need more details to understand the requirement in order to make it accessible to residents.

EDUCATIONAL ACHIEVEMENT

Mr. Rahil Panchal (Asst. Officer - IT) have earned the **LEAN SIX SIGMA BLACK BELT (LSSBB)** credential by IMC & ITIL FOUNDATION 4 credential by Axelos & Peoplecert.

Mr. Rahil Panchal

EDUCATIONAL ACHIEVEMENT

Ms. Khushbu Patel (Asst. Professor - Nursing) attended various International, National Virtual Webinars & online training from TNAI (Trained Nurses Association of India), online quiz competition & CNE-Continuing Nursing Education organized by various institutes /organizations.

Ms. Khushbu Patel

DATA FOR COVID POSITIVE STAFF

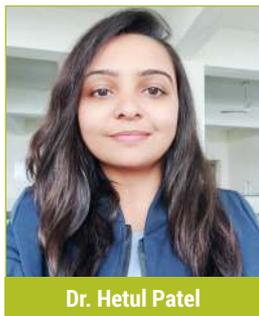

Any Doctor/Employee who is/was tested COVID-19 Positive will have to inform their HOD/Immediate Superior & HR department for their hospitalization/quarantine period.

The Doctor/Employee is also supposed to fill this Google form <https://bit.ly/COVIDEmployeesForm> mentioning the necessary details.

Pharmacology

Dr. Hetul Patel, 3rd year resident doctor in Pharmacology department won 1st Prize for her online poster on "Prescription pattern of atypical antipsychotics in psychiatric disorders" presented at AMCON 2020 in 2nd - 7th November.

Dr. Hetul Patel

Anesthesia

Dr. Heena Chhanwal, (Professor & Head Of Anaesthesia) participated as a moderator of PG paper presentation during ISA KARNATAKA VIRUCON STATE CONFERENCE 2020, The Academic showcase event for Warriors held from 12th to 16th Dec 2020.

Dr. Heena Chhanwal

She has also participated in panel discussion of State Anaesthesia Conference GISAWEBCON held on 27th Dec 2020.

Dr. Kaushal Kalotra, 2nd year Resident of Anaesthesia awarded with **first prize** in GISAWEBCON - State Anaesthesia Conference held on 27th Dec'20 for his paper presentation. He presented the paper "Perioperative Anaesthetic management in COVID-19 recovered patients posted for surgery" co-authored by Dr. Divya, Dr. Heena, & Dr. Nayna.

Dr. Kaushal Kalotra

Respiratory Medicine:

First Year Resident, **Dr Krutesh S. Tripathi** scored 1st prize in Poster presentation in "OXYGEN-in COVID-19 Era Basic to Therapeutic". The topic of poster was "A case of Idiopathic Pulmonary Hemosiderosis - a rare event in adult"

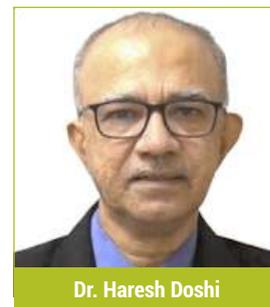

Dr Krutesh S. Tripathi

Obstetrics & Gynecology

Over 293 Deliveries, >134 Cesarean sections
Total = 427 Clinical Cases by OB-GYN.

Dr. Haresh Doshi
Professor & HOD –
Obstetrics & Gynecology

Dr. Haresh Doshi

- He was **awarded** at FOGSI I COG Visiting professorship on October 3. This an Award given to Senior Professor with exceptional academic background for going to other medical college in India & teaching their students & sharing knowledge with their faculties for 5 days.
- Dr. Doshi Participated as **Panelist in FOGSI webinar** on "Emergencies in Labour" on 15th October. More than 1400 gynecologists from all over India joined the Webinar.
- Dr. Doshi also participated as **Panelist in National webinar** on "Gestational Trophoblastic diseases(GTD) " in "O to S - Obstetrics master class" on 9th December. GTD is an abnormal pregnancy with potential to develop cancer. 2600 members all over India attended.
- Dr. Doshi has **written the article** on "Vit D3 in women's reproductive health" in FOGSI publication 'Times of Gynecology' for >23,000 members of FOGSI.

Vitamin D3 in women's reproductive health: Revisiting a common concern

Introduction
Vitamin D and its derivatives have a significant role in the women's health such as osteoporosis, osteoarthritis, cancer risk, pre-eclampsia, chronic disease (CVDs) and gestational diabetes mellitus (GDM). Low vitamin D concentrations in pregnant women are linked to adverse outcomes in both mother and fetus. The observed and reported lower level of vitamin D in pregnant women is likely to be due to the pathophysiology of various physiological disorders and its associated with decreased calcium in reproductive system. In addition, vitamin D deficiency may impact adverse health outcomes in mother, newborn and child. Hence, it is imperative to assess the prevalence of low vitamin D status, vitamin D deficiency and its impact on health outcomes, maternal-fetal outcomes, obstetric and neonatal mortality.

Scientific review

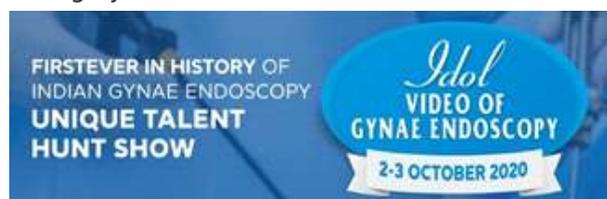

A study from South India reported that vitamin D deficiency and insufficiency is prevalent in 70% and 15.5% respectively in women of reproductive age. Similarly, vitamin D deficiency and insufficiency is prevalent in 70% and 20% of postpartum women, respectively.

Impact of vitamin D deficiency on women's reproductive health

Dr. Divyesh Panchal (Asso. Professor - Ob-Gyn) was selected as a finalist for presenting endoscopy operative work amongst top 15 young endoscopic surgeons in India in an event called "Grand Finale of Unique Talent Hunt Show - idol Gynae Endoscopic Surgery Video Competition 2020, Season 1 in the Under 45 years Category" on 2nd October 2020.

Dr. Divyesh Panchal

Bio-chemistry

AMBI-ON 2020 (Association of Medical Biochemists of India-Online Conference) was conducted by Government Medical College, Chandigarh from 1st - 3rd November 2020. In this conference, **Dr. Shubhangi Rathod**, R2 Biochemistry secured All India Runners-up prize in Post graduate Biochemistry Quiz while Dr. Dhruvin Tamboli R1, under guidance of Dr. Rosy Lekharu, Professor, presented an e-poster titled "*A comparison between high performance Liquid chromatography and immunoturbidimetry for glycated hemoglobin estimation*". **Dr. Ramesh Pradhan**, Professor & HOD served as judge & chairperson in e-paper presentation session.

Dr. Shubhangi Rathod

Parth Khandhedia and **Karan Sharma**, Final year students of GCSMC presented their e-paper titled "*Significance of diagnostic and monitoring criterion of HbA1c as compared with fasting and 2-hr plasma glucose concentration in GCS Hospital, Ahmedabad*" under the guidance of **Dr. Ramesh Pradhan** and **Dr. Rosy Lekharu** at 7th Lublin International medical conference 2020, Poland.

Parth Khandhedia

Karan Sharma

Community Medicine

It is an immense pleasure to announce that **Karan Vijay Sharma** and **Parth Khandhedia**, Final Year MBBS students of GCS Medical College received the certificate for the 2nd position under category of Public Health for the research article "*Determinants, Impact On Quality of Life And Treatment Seeking Behavior For Urinary Incontinence Among Females residing At Urban Slums, Ahmedabad: A Mixed Method Approach*", in an online paper / poster presentation at Adrenaline Medical Conference, AMCON 2020 organizing by Smt. NHL Municipal Medical college, Ahmedabad. It has been selected by ICMR for short term scholarship (STS2020). It has also received the 4th rank for the same article presented at International Medical Congress of Bucharest (IMSCB). The research project is being guided by Dr. Viral R Dave, Professor, Community Medicine Department, GCS Medical College, Ahmedabad.

Dermatology

Department of dermatology venereology and leprosy has successfully published an article on "*Successful Amelioration of Inflammatory Linear Verrucous Nevus with Topical Sirolimus*" authored by Dr. Nayan Patel, Dr. Jigna Padhiyar, Dr. Ani Patel, Dr. Aseem Chhibber, Dr Tejas Patel, Dr Bhagirath Patel) in a reputed international journal - "Annals of Dermatology", Vol. 32, No.6, December 2020. It is one the first few case reports published on the use of topical sirolimus in nevus.

Second year resident, **Dr Nishi Trivedi** presented a paper on "Cutaneous lymphoma - a case series" in Dr. Bharat H. Shah award paper session in e-CUTICON 2020 and was awarded 2nd prize for the same.

Second year resident, **Dr Vidhi Chandibhamar** presented a paper on "Dermoscopy of cutaneous vasculitis lesions" in Dr. Ranjan Raval free paper session in e-CUTICON 2020.

Dr. Nishi Trivedi

Dr. Vidhi Chandibhamar

Surgery

Case Presentation: Parth Khandhedia and Darshini Shah presented a case of Madura Foot prepared by Dr. Sejal Barad, Third year Resident Surgery under the guidance of Dr. Shashank Desai (Head of the Surgery Department).

Madura foot is a chronic infection of lower limbs caused by bacteria actinomycetes or by fungi eumycetes. It is known as eumycetoma, when affecting other parts of the body. A 50 year old male presented with multiple small swellings over left foot. Management was surgically by Below Knee Amputation preserving 15cm of proximal leg as stump.

They presented this case in following conferences:

- International Medical Student Congress of Bucharest (IMSCB) - Secured 4th position in the category of Surgery, Case Report - 12/12/2020.
- 7th Lublin International Medical Congress, Poland (LIMC) in Case Report - 27/11/2020.
- Adrenaline Medical Conference (AMCON) in the category of Surgery Poster- 26/10/2020.

Academic Workshops: A knot tying workshop for residents of department of general surgery was conducted on 19th of October, 2020 by Dr. Ankit Bagdai, Dr. Ayush Jain & Dr. Nirav Patel under guidance of Dr. Shashank Desai & Dr. V.M. Sharma.

Psychiatry

Dr. Dharmesh Patel (Professor, Department of Psychiatry) was Organising Chairman and Dr. Alpesh Gediya (Associate Professor, Department of Psychiatry) was Organising Secretary of 2nd mid-term digital conference of IPS GSB (Indian Psychiatry Society Gujarat State Branch) held at GIMH (Gujarat Institute of Mental Health) Ahmedabad on 19th and 20th December, In which almost 150 delegates have participated from all over the country. Conference was held digitally online on Zoom platform.

Dr. Darshini Shah, 3rd year student at GCSMC did an original research: "A correlational study with cross-sectional design to assess and compare the clinical manifestations of anxiety across adolescent (12-18 years) & adult age groups (19-25 years)" in Ahmedabad under the guidance of **Dr. Alpesh Gediya**, Asso. Prof. - Psychiatry. She presented this research paper in Adrenaline Medical Conference (AMCON) on 9, November 2020 & secured 1st position in the category of Psychiatry. This study helps to enumerate and differentiate the signs of anxiety seen in adolescent and adult age groups.

Dr. Darshini Shah

Dr. Aatman Parikh (2nd year resident doctor) has won first prize in quiz competition in 2nd mid-term digital conference of IPS GSB (Indian Psychiatry Society Gujarat State Branch).

Dr. Aatman Parikh

WEBINAR ON WORLD MENTAL HEALTH DAY

On the occasion of **World Mental Health Day**, a webinar was organized via *Facebook Live* on 10th October'20 where **Dr. Hitendra Gandhi** (*Prof. and HOD- Psychiatry Dept.*) shared his views on Mental Health and guided on how to overcome the Stigma of Mental Illness. Dr. Gandhi spoke about various mental health issues & concerns such as Psychological Impact of COVID Scenario on healthcare workers as well as cleared various myths and answered to important questions related to Mental Health asked by moderator **Ms. Hetvi Dhanak** (HR).

To view the video visit www.bit.ly/DrHitendra

MS. NEHA LAL SPOKE AT GLOBAL INDIA HEALTHCARE CONCLAVE

Ms. **Neha Lal** (Sr. GM – Operations & HR) was invited as a speaker in **Global India Healthcare Conclave** with other expert speakers on 27th October'20 to speak about the Importance of Happiness & Well-being in the Present Scenario and the future roadmap after COVID-19. She spoke on surviving pandemic through mental and physical well-being along with staying happy to counter stress.

To watch the panel discussion visit www.bit.ly/GIHC_NehaLal

Orthopedics

Case managed under the guidance of Dr. Jyotish G. Patel (HOD - Orthopaedics)

A 10 year old female patient presented to the OPD (Orthopaedic Unit 1) with the chief complain of pain, discharging sinus from the distal forearm and deformity of the forearm. The patient had history of fall down 4 months ago when she had sustained an open fracture of distal third radius and ulna for which she had undergone multiple surgeries at other hospital.

At presentation the patient had wound on the volar aspect of distal third of left forearm with discharging sinus from the wound and a second discharging sinus at the ulnar border of distal third of forearm. Furthermore there was volar and ulnar deviation of the hand, wrist from the forearm.

The patient was admitted and after appropriate workup surgery was done. By Henry's approach debridement of the infected non-union of the distal third radius was done and ulna non-union was also debrided by a second incision and bio-absorbable antibiotic beads were placed at both sites and the fracture stabilized by external fixator.

After 2 months of this surgery, patient was again admitted when blood infective markers were normal, and second surgery was done. External fixator was removed and radius osteotomy and correction of deformity was done; radius was then fixed with volar plate and bone graft substitutes were placed in the bone gap; ulna was found united.

Currently patient is pain free and all stiches have been removed and wound is healed.

Obstetrics and Gynaecology

Case 1: Procedure : Exploratory Laparotomy + frozen

A 19 year, unmarried girl named Ravina Mohanbhai, presented to the OPD with chief complaint of abdominal pain since 1 month. Her LMP is 14/11/20. MRI was suggestive of a 10*16 cm solid cystic component predominantly cystic arising from left adnexal region, extending into umbilicus and supraumbilical region. Left ovary not separately visualized.

Germ cell tumor. Mild to moderate ascites present.

- CA-125: 116.5U/ml
- CEA: 1.31
- Beta HCG: 0.48

Intraop: Left salpingoophorectomy done

1 Litre ascitic fluid drained

Intraop Frozen: sex cord stromal tumour; Juvenile granulosa cell tumour

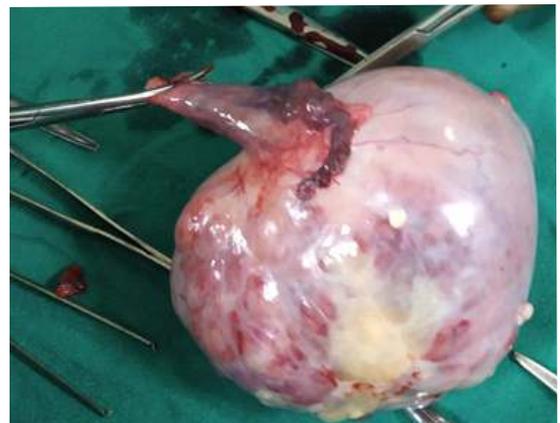

Case 2: A 10 yr girl, named Urvasiben mehra, presented to opd with chief complaint of abdominal pain since 2 months. CT scan was suggestive of 10.5*8 cm ovarian neoplastic mass (Germ cell tumor). Right ovary was not separately visualized .

- LDH : 489 u/L
- CA 125 : 66.97 U/ml
- AFP : 1.83 ng/ml
- Beta HCG: 295 .

Intra op: Right sided oophorectomy done

Intra op frozen: Dysgerminoma with areas of calcification; Gonadoblastoma

Case 3: A 52 year old female, Hansaben patel with P2L2/2FTND presented to OPD with chief complaint of abdominal pain and difficulty in urination since 2 months. She is a K/c/o HTN since 10 yrs ; on T. Metoprolol 12.5mg OD And a K/c/o hypothyroidism since 4 years ; on T. Thyronorm 25 OD. She has a P/h/o Angina 2 episodes (last episode in Feb) and p/h/o VH done 20 years back. CECT was suggestive of 17*20 cm cystic ovarian neoplasm extending up to umbilicus, both ovaries not seen separately .

- CA-125 : 20.86 U/ml
- CEA : 1.85

Intra op: bilateral salpingo-oophorectomy done

Intra op Frozen : Mucinous cystadenoma

Surgery

Even with the unprecedented COVID19 pandemic raging, we have never stopped the operative work and to add to the odds we have a reduced work force. Here we offer a glimpse at our prominent surgical work of the last 3 months.

Operated by Dr. Sushil Akruwala,
Dr. V.M. Sharma, Dr. Shashank Desai & Team

A 22 years old female patient with esophageal stricture due to acid ingestion was operated for colonic replacement of esophagus with left sided colonic transposition. She is on regular follow up, tolerating normal diet.

Operated by Dr. V. M. Sharma,
Dr. Shashank Desai & Team

A 40 years old female patient with a large (20*15*8 cm) retro-peritoneal mass arising from right kidney was operated for right radical nephrectomy with aorto-caval lymph node dissection.

Operated by Dr. Jaimish Gajjar,
Dr. Dipak Trivedi & Team

A 65 years old male patient diagnosed with portal hypertension and massive splenomegaly was operated for elective splenectomy (4.6 kg of huge spleen was removed).

Operated by Dr. Dipak Trivedi,
Dr. Divyesh Panchal & Team

A 47-year female with urinary discharge from vaginal opening & previous history of Lap Hysterectomy was having a Vesico-Vaginal Fistula. Patient was operated via cystoscopy and abdominal O Connor operation & was discharged after 15 days of hospitalization with complete cure of disease.

THANK YOU DONORS

We are humbled by the generosity of our donors and supporters about assisting the GCS Hospital in this challenging time. We will be grateful for your help which will support GCS Hospital's greatest needs, which is currently related to COVID-19. Your donation (Cash/Kind) helps us to provide much-needed equipment, supplies, and facilities. With your donation and support, together we can make thousands of differences in the lives of COVID-19 patients, healthcare workers, staff members and more.

Health Check Up

We have done health check up of 269 people in last 3 months (Oct to Dec 2020), observing all COVID precautions. **Total 198 mammography were done, out of which 11 malignant mass lesions were detected.**

Hospice Data

In last 3 months, **51 patients** were admitted in hospice. The Bed Occupancy Rate was **50.98%**.

Breast cancer awareness

month was celebrated from 1 Oct 2020 onwards. We received donation from **Vimala Mehta Charitable Trust** to screen 150 women of BPL families, free of cost. We started with screening of 11 community women that day.

Dr Geeta Joshi conducted a **webinar with SEWA** grass root leaders and women workers on 20th & 22nd by Zoom meeting.

Dr Geeta Joshi & Darshana Butala shared a platform on zoom to create awareness about Breast cancer, organised by Believe Foundation.

World Hospice & Palliative Care Day

WHPCD was celebrated on 10 October'2020. A live demonstration & training program was organized for 20 caregivers of hospice patients. They were taught about wound care, Oral care, Naso-Gastric tube care & Liquid diet preparation for their patients at home. **Dr Geeta Joshi** participated in a webinar on "*Palliative Care: Moving beyond the End of Life Care*" on Face book live.

Diwali Celebration

was celebrated by staff by making a colorful Rangoli, Diyas & distributing sweets to patients
