From CEO's Desk

It is my pleasure to share the good news that our chairman has approved the introduction of two new super-specialties of Radiotherapy and Nuclear medicine. We will be launching a new RN block project soon. Our postgraduation seats have also increased from 64 to 77. Our faculty members and superspecialists have done some of the very difficult and unusual cases for the first time in GCS hospital's journey towards excellence in clinical care. Such as, Awake craniotomy, successful treatment of encephalitis case, Balloon mitral valvuloplasty. Our journey to improve services to PMJAY scheme patients and strategy of provision of free service to the community through this route is working out. GCS Medical College UG wing underwent surprise inspection successfully. As a welfare measure, we were able to increase salaries of nursing manpower, Assistant Professor, and senior residents of all specialties thereby improving their retention. I wish all my doctors, nurses, paramedical staff, and support staff a very Happy and Healthy New year.

Col Dr. Sunilkumar Rao
CEO - Gujarat Cancer Society

From Chief Editor's Desk

Welcome to the 37th edition of the GCSMCH&RC Newsletter. As the year is ending, let me sum this last quarter's journey and milestones of GCSMCH&RC. We started the last quarter with the "Coffee with Lipi" as a part of the International Coffee Day celebration. These three months were full of festive and celebrations along with this the Omicron also raised its head, but we are all set for fighting the third wave with adequate equipment and competent staff. I also want to warmly welcome our Medical Superintendent Brig. Dr. Bhandaru Shridhar, with your experience and dedication, I know that we'll accomplish amazing things for the GCSMCH&RC. GCS Womaniya had its first official meeting to discuss further goals and objectives. After the success of GCS Academy courses, we also launched Homecare Assistant Course for further expansion. This upcoming new year will bring many challenges and surprises to our journey and our first challenge would be to face NABH's final accreditation assessment but I'm sure our team will ace this as a piece of cake. I wish all our GCSians a very happy and successful new year.

You can also read about various other achievements, activities & updates from around the organization in this 37th issue of the GCSMCH Newsletter. As always, please send us your suggestions on how to improve our newsletter at communications@gcsmc.org.

Happy reading.

Ms. Neha Lal
Sr. GM - Operations & HR

From Director's Desk

I hope all of you are vaccinated by now and if not kindly take your shot of immunity. As COVID cases are surfacing, everyone should be extra precautions about their lives.

We have inaugurated State-of-the-art Auditorium at GCS Medical College with the capacity of 350 people, I would like to thank Mrs. Kanchanben Bhikhhalal Shah and her family for their generous donation for building this auditorium.

Now, we have full-time availability of all major Super-Speciality such as Neurology, Neurosurgery, Gastroenterology, Oncosurgery, Interventional Cardiology, Nephrology, and Urology at GCS Hospital which will be beneficial to patients.

Let us take all the necessary precautions to be safe. Cheers to health, happiness, and prosperity in 2022!

Dr. Kirtibhai M. Patel
Director

From Dean's Desk

I wish all of you Healthy, Joyous and Flourishing New Year of 2022 on behalf of GCS Medical College, Hospital & Research Centre.

In 2021, we witnessed enormous challenges to fight against COVID-19 crisis of the second wave. Yet we continued our academic excellence along with pandemics to nurture our goal of producing globally & locally competitive medical graduates. This new year of 2022 brings a new challenge of Omicron Variant. However, the upcoming precaution dose of vaccination may boost the immunity of people and it will help us to reduce the burden of hospitalization as well as morbidity & mortality. I also like to wish the students of Under-graduate and Post-graduate students at our institute for their excellent and bright academic performance in the upcoming Gujarat University Examination. GCS Medical College is eagerly waiting to welcome our upcoming undergraduate & post-graduate students of the new academic batch.

Lastly, I wish at GCSMCH&RC we will achieve the training of competent, compassionate, and caring physicians through excellence in patient care and medical research.

Anaesthesia Department

First time in GCS hospital awake craniotomy was performed.

A 52-year female patient had left side superior frontal lobe Glioma. Tumour was near Motor cortex and Brocas area, so awake craniotomy was planned to minimize damage to eloquent cortex and resulting postoperative neurological dysfunction. We managed the case with a Bilateral scalp block along with IV dexmedetomidine.

Challenges for Anesthesiologist were:

- to keep the patient calm and seek her cooperation during the assessment of the Motor cortex.
- to prevent Respiratory depression/ Respiratory arrest.
- manage brain edema and intraoperative convulsion.

It was really fascinating to talk with a patient with an open brain. The surgery lasted for 4 hours without any complications. The patient started moving with all four limbs with intact sensory and speech.

Surgery Department

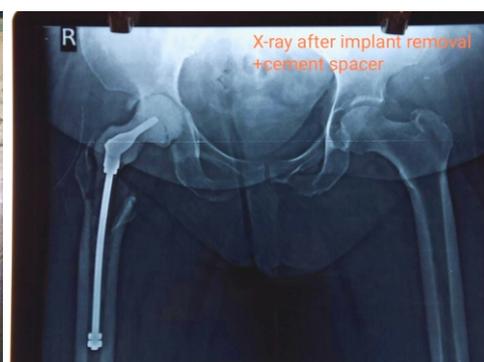

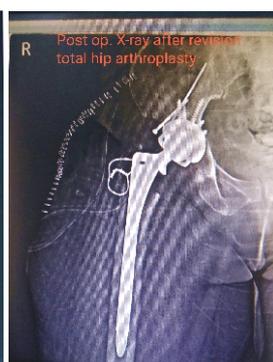

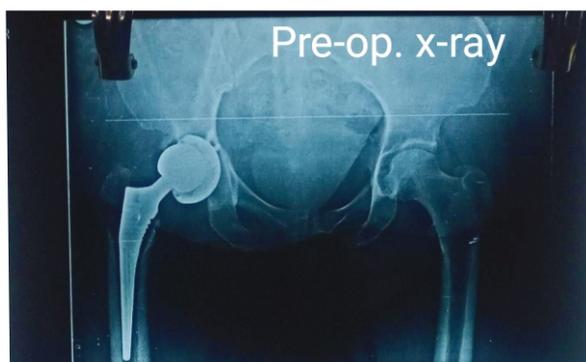

Department of Surgery organized a Live operative workshop of Hernia Surgeries at GCS Medical College, on 22 Dec'21.

During the workshop, a total of 8 surgeries was performed. Four laparoscopic Hernia repair surgery were done for inguinal and ventral Hernia which included TEP, TAPP, eTEP, IPOM. Four open Hernia repair procedures were performed which included Licheinstein Tension-free Inguinal hernia Repair, Pre-peritoneal Mesh Repair for Ventral Hernia, and Component Separation Repair for Incisional Hernia. The workshop was aimed at demonstrating the classical steps of Hernia repair surgery, both open and laparoscopy, for residents and Faculties. It was first of a kind workshop for the training of in-house doctors to learn and master the techniques of Hernia surgery at GCS Medical College.

Orthopaedics Department

A case of 55 years old female who had complaints of right hip pain with difficulty in walking and was operated outside for right side Primary Total Hip Arthroplasty in March 2021. Patient came to orthopedic OPD at GCS Hospital with complaints of inability to bear weight and persistent complaint of pain since primary surgery. Patient was diagnosed with infected case of Total Hip Arthroplasty. Patient was operated for removal of implant + cement spacer. Patient was given Inj Meropenem post-operatively. Patient came for regular follow up during which patient was admitted for IV Tigecycline as culture showed growth of Klebsiella sp. Later, when patient was diagnosed to be non-infective at the end of 10 weeks, definitive surgery was done in form of Right side Revision Total Hip Arthroplasty using multi-hole acetabular cup, constrained liner and long femoral stem by Dr Jyotish G. Patel under Orthopedic unit 1. After which pain subsided and patient can sit without any difficulty.

Physiotherapy Department

A 26-year-old male patient had a history of low back pain for 6 months. He came to GCS hospital and was referred for physiotherapy. Co-relating physiotherapy assessment and X-ray investigation he was diagnosed with POSTURAL LEFT LUMBAR SCOLIOSIS. After 14 sessions of physiotherapy treatment which included Interferential therapy (IFT) initially followed by Intermittent lumbar traction for 20 minutes Ultrasound 3mghz continuous mode. Back stretching-strengthening exercises, the deviation was corrected, and the patient has 70-80% relief from pain

XRAY IMAGE (17-09-2021)

XRAY IMAGE (19-10-2021)

Gynaecology Department

Vaginal Natural orifice transluminal endoscopic surgery (vNOTES) is an emerging technique and has attracted attention as a less invasive procedure with better cosmetic results, decreased postoperative pain, reduced hospital stays and recovery as well as decreased perioperative morbidity than conventional laparoscopy.

Dr. Divyesh Panchal performed the first vNOTES hysterectomy of our hospital and Gujarat. Surgery was successfully completed in less than 90 minutes and patient is recovered fully. Thanks to my residents, anaesthesia dept, nursing and OT team for their support.

PHARMACOVIGILANCE

Spontaneous reporting of ADRs is back bone of safe medicine.

Following Important ADRS were reported recently to Pharmacovigilance Committee of GCSMC.

Compilation: Dr. Sumit Patel, Dr. Nayan Patel

No	Causal Medicine	Indication for Use	Adverse reaction (Reporting Department)
1	Ceftriaxone or Salbactam	Acute Pancreatitis	Itching and breathlessness (Surgery)
2	Ceftazidime or Levofloxacin	Coal worker pneumonia	Redness and itching all over body (Respiratory Medicine)
3	Iohexol dye or Ditrizuatemeglumine&Ditrizoate sodium	CT scan - abdomen(ovarian mass)	Swelling of lips, itching and redness (emergency department - OBGY)
4	Iohexol dye or Ditrizuatemeglumine&Ditrizoate sodium	CT scan – abdomen (liver metastasis)	Itching on back and rashes (emergency department - surgery)
5	Ceftriaxone	Right breast carcinoma	Redness, swelling and pain on both hands (injection site)
To report an ADR please contact Dr. Vipul Chaudhari (9825444336), Dr. Sumit Patel (9824223626) or the Department of Pharmacology (8499)			
We remain thankful to all the reporting departments for their kind cooperation

Biochemistry Department

The department of Biochemistry, GCS Medical College and Association of Medical Biochemists of India – Gujarat Chapter organized a 3-day CME cum workshop on Instrumentation in Clinical Biochemistry from 28 Sept'21 – 30 Sept'21. The resource persons were Dr. Jayachandran G and Dr. G Sumitra from PSGIMSR - Coimbatore, Dr. Kiran Chauhan from GMERSMC Gandhinagar, and Dr. Piyush Tailor from GMC, Surat. 30 residents and faculty from colleges all over Gujarat attended this workshop. The hands-on workshop covered all aspects related to instrumentation from preparing specification, selection, installation, validation of all instruments in the clinical laboratory. The Gujarat Medical council awarded 9 credit hours for the CME. Annual conference of Association of Medical Biochemists of India (AMBICON) was held in AIIMS Raipur from 3 Nov'21 to 5 Nov'21. The conference was in hybrid mode. Dr. Dhruvin Tamboli made an oral presentation on the topic: "Relation between obesity and thyroid status in geriatric individuals of Ahmadabad city" while Dr. Meet Kharsadiya made a poster presentation on the topic: "A comparison between high-performance liquid chromatography and immunoturbidimetry for glycated hemoglobin". In the conference, Dr. Ramesh Pradhan chaired a session on Markers in non-communicable diseases.

RESULT

B.Sc. Nursing first year achieved

in Gujarat University for the academic year 2020-2021.

Activities undertaken at RHTC, Kanij under guidance of Dr Rujul Shukla & Dr Hardika Khanapara with support of MSW & Interns

Date: 22 Oct'21: On occasion of **International Breast Cancer Awareness Day 2021**, a health education session on epidemiology and risk factor of breast cancer, demonstration of method of breast self examination followed by a screening camp for breast cancer was organized in field area of Rural Health Training Centre of Dept of Community Medicine, GCSMC with support of Surgery Department, GCSMCH. Females of various age groups attended the session and also underwent screening examination for breast cancer.

Date: 22 Oct'21: A health education session on nutrition and menstrual hygiene was conducted among school going adolescent girls of Kanij. Interaction with participants and videos related to topic were also shown.

Date: 22 Oct'21: A health education session on nutrition, addiction, sexual health & HIV/AIDS was conducted among school going adolescent boys of Kanij.

Date: 22 Oct'21: A health education session on nutrition, addiction, menstrual hygiene & reproductive health was conducted among school going adolescent girls of Kanij. Interaction with participants and videos related to topic were also shown.

Date: 22 Oct'21: A celebration of "World AIDS Day 2021" at RHTC Kanij was done by Role Play to spread awareness regarding all aspects of HIV /AIDS emphasizing on reduction of discrimination towards patient of HIV/AIDS.

Symposium on Malnutrition

Community Medicine Department, GCS Medical College, Ahmedabad organized a Symposium on Malnutrition for Undergraduate students of Final MBBS Part I. Total 5 students have participated in the symposium and presented on different aspects of Malnutrition. Participants were mentored by faculties of Community Medicine Department and Paediatrics Department of GCSMC. The presentations were evaluated by two external judges, Dr. Sheetal Vyas, Professor and Head, Community Medicine, AMC-MET Medical College, Dr. Aparajita Shukla, Professor and Head, Community Medicine, NHL Medical College and 1 internal judge, Dr. Naimish Patel, HOD, Medicine Dept., GCSMC. The winner of the event was presented with a trophy and a certificate. All other participants were also felicitated with certificate and books. Brainstorming sessions were conducted in between the presentations for the audience to make the event interesting. Under graduate Students (101), interns (16) and faculties (40) from different departments of GCS Medical College have attended the symposium

Urban Health Training Centre (UHTC)- Sadvichar Parivar Hospital, Naroda

Health Education activities were carried out at UHTC field practice area by the staff of Community Medicine Department. Sessions were facilitated by Dr. Mansi Patel (Assistant Professor), Dr. Asha Solanki (Tutor), Resident doctors, Social workers and interns posted at UHTC.

International Breast Cancer Awareness day 2021 has been celebrated at field practice area of UHTC Sadvichar by UHTC team. The session has been conducted by means of presentation as well as video demonstration among females. The pink ribbons have been worn by all members as an expression of breast cancer on Pink Ribbon day.

On the occasion of **"World Diabetes Day 2021"**, The Screening camp for Diabetes Mellitus was organized in various field practice areas of UHTC by Community Medicine Department. Random Blood Sugar was estimated in around 250 participants of more than 40 years. The cases detected with the high RBS were referred to GCS Hospital for further medical work up. Along with that, an awareness session on Diabetes was also delivered among the beneficiaries of camp.

On the occasion of **"World AIDS Day 2021"**, the awareness session was organized in one of the schools from field practice areas of UHTC. The students of 11th and 12th were sensitized about HIV and AIDS. In the session. The session was conducted separately for girls and boys. Total of 96 girls and 89 boys have been benefited from the session.

An awareness session about signs, symptoms and prevention of Dengue and Chikangunya was conducted by the interns and social workers on 13 December at UHTC.

Mental Health Day

Mental Health Day was celebrated on 9 Oct'21 – “Mind your Mind”. An expert panel of the Psychiatry department led by Prof. & HOD Dr. Hitendra Gandhi gave inputs on Mental awareness & its necessity in today's world and took employee questions.
